

Yosemite National Park - Summer 2023

When Parking in Yosemite Valley is FULL!

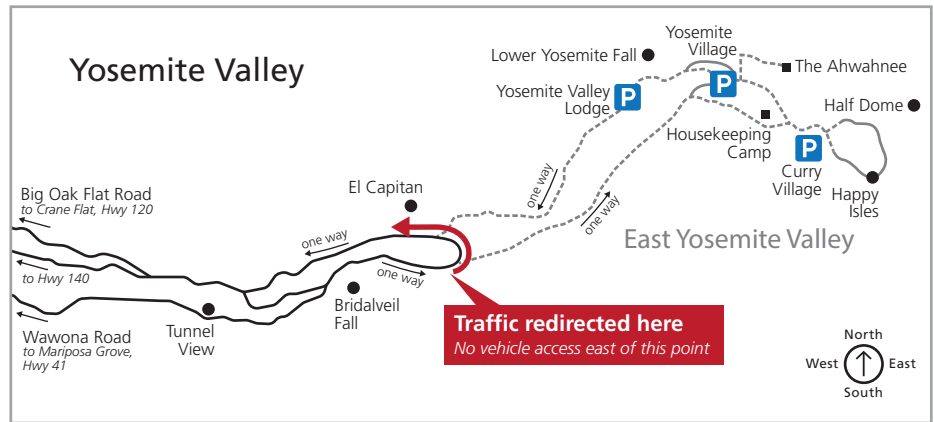

Roads in Yosemite Valley can be very congested, and all parking areas full. **When this happens, there is no additional vehicle access to east Yosemite Valley.** All traffic will be redirected. Expect delays and very limited parking in all areas of Yosemite. *See map below for details.*

Explore other areas of the park and neighboring public lands, or return later in the day.

To avoid the worst congestion and to find parking, arrive at the park entrance before 7 am or after 5 pm.

Sign up for traffic alerts by texting
YNPTRAFFIC to 333111.
